

Is your dog a bully?

Stop it **now!**

Here is how you deal with a bossy dog

1

If your dog is a bully, **never let him walk alone** in the park. This is too much of a danger for your dog and the other dogs in the park.

2

Teach him a play style.

Something that is indoors. This way, your dog gets less time to meet other dogs and when he does he sure wouldn't want to scare them off.

3

If your dog is making a **facial grimace** at another dog, **take him away** from the spot.

4

Train your dog in such a way that he would **listen to you all the time** no matter what the situation is.

5

Dogs become bullies mostly because they do not get enough attention at home. **Show them all the love** that you can.
